IMPORTANT POINTERS

Join the conversation!! We're on Twitter and LinkedIn.
Follow us at [@ttsorg](#) and share [#TTS2020!](#)

Did you miss a presentation? Don't worry!

All presentations will be available on-demand for a full year after the Congress!

Have a question or problem? Visit the TTS virtual booth!

Our team is available to answer all your membership enquiries. Or, just stop by and say hello!

Did you know? We'll be releasing an Infectious Disease Workshop at the conclusion of TTS 2020!

Don't miss it!

Program Part 3 Highlights

Lots is happening during PART 3 of the Congress!
Check the **highlights below** and enjoy the learning and networking!
Visit the **Program Tab** to check the start of the sessions in your own time zone.

Plenary Session: New Approaches to Taming T-Cells in Transplantation

Charles MacKay Australia	Ronald M. Evans United States	Claudia Kemper United States
Role of Microbiome in Transplantation	Developing Human Islet Organoids that Evade Rejection	The Impact of the Complosome in T cell Immunity: How to use to tame the immune response
VIEW PROFILE	VIEW PROFILE	VIEW PROFILE

Workshop Sessions

Initiatives for Self-Sufficiency in Organ Transplantation

TTS-ISHLT Joint Symposium: Capacity Building in Transplantation: Meeting Challenges through Global Partnership

Upcoming Issues in the Diagnosis of Transplant Rejection

Global Ethical Issues

Unique Aspects of Organ Donation and Assessment in Pediatric Transplantation

Innovative Strategies for Eliminating Donor Financial Burdens

Determination of Death in Organ Donation

CMV - What's New

State-of-the-Art Sessions

Preventable Infections - An Ounce of Prevention...

Challenges for Solid Organ Tx in the Developing World

WHO Designation 2020 'Year of the Nurse': Scope of Work & Contributions made by Tx Nurses

A Kidney for Life: A Goal for All Practitioners

Minimally Invasive Surgery for LDLT

Recent Breakthroughs in Xenogeneic Tissue and Organ Transplantation

Sex as an Immunological Variable

Paediatric Transplantation Around the World

Beta Cell Replacement for the Future: Views from the Three Musketeers

Declaration of Istanbul Issues

Oral Abstract Live Question & Answer Sessions

If you are interested in attending these interactive sessions, please view the presentations in advance to take part in the discussion.

Cell and Novel Therapies

Heart and Lung Abstract Session

Kidney Transplantation: Living donation and Long-term Follow-up

Immune Regulation and Tolerance 2

Organ Preservation and Reperfusion Injury / Repair

Education and Vascularized Composite Allograft

Please be reminded that all presentations for the Oral Abstract Sessions have been pre-released and are available for viewing through the WebApp. The time allocated in the program for the Oral Abstract Sessions are dedicated to live Q&A and discussion with the authors.

Kidney Transplantation: Desensitization and Other Complications

Donation Issues

Education Abstract Session

Ethical Issues

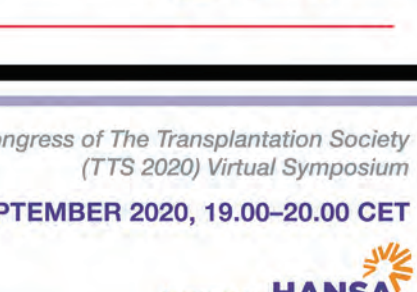

Kidney Transplantation: Novel approaches to monitoring

Living Organ Donation

Industry Symposia

Time posted in Eastern Standard Time, visit the time zone selector to know the time in your region.

Drive better outcomes for kidney transplant recipients with AlloSure and AlloSeq cfDNA
Join CareDx Symposium >>

September 15, 2020 | 1:00pm - 2:00pm EST

Now quantify the risk
Run a cfDNA background check every time
Prospera® Precision

Impact of Background cfDNA in Renal Transplantation and Implications in COVID-19 Cases

Tuesday 9/15 at 7PM - 8PM PT

Featuring Experts: Drs. Abdul Abdelatif, Sanjeev Akkina, Suphamai Bunnapradist

RSVP NOW: events.natera.com/organhealth/TTS

September 15, 2020 | 10:00pm - 11:00pm EST

TTS 2020 ASTELLAS-SUPPORTED SYMPOSIUM

A New Normal in Managing Transplant Patients: Immunosuppression and Beyond

September 16, 2020 | 6:00am - 7:00am EST

Room: Channel 1
Wednesday, 16 September 2020

19:00-20:00 (GMT+9) Seoul
12:00-13:00 (GMT+2) Frankfurt
06:00-07:00 (GMT-4) Montreal, New York

Complete the picture for your highly sensitised patient

28th International Congress of The Transplantation Society (TTS 2020) Virtual Symposium
16 SEPTEMBER 2020, 19.00-20.00 CET

September 16, 2020 | 1:00pm - 2:00pm EST

Zoom Virtual Networking Room

Please be reminded that to participate in the Virtual Networking and Thematic Discussion rooms, you will need to install the Zoom plugin/application. (no need if you have been using Zoom already)

Women in Transplantation Pillar 2 - WIT Initiative to promote research into issues of sex and gender in transplantation

How to Transplant Nurse and International Aspect of Transplant Nursing Training

Mucormycosis in Transplant: Urgent need for early identification and improving treatment outcomes

The Cell Transplantation and Regenerative Medicine Guided Brunch

Exploring the Use of Performing Arts for Public Outreach and Education

Plenary Speakers Interview and Q&A Sessions

Don't miss the following special networking sessions during which our Plenary speakers will be interviewed live and available to answer questions from the audience.

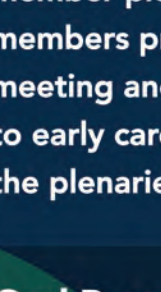

Check the **Program Tab** to see the schedule in your time zone.

Tuesday September 15 Interview by: Nancy L. Ascher		Plenary Speaker Beatriz Dominguez-Gil Spain		Plenary Speaker Vivek Kute India
Tuesday September 15 Interview by: Philip J. O'Connell		Plenary Speaker Alan Ashworth United States		Plenary Speaker Inish O'Doherty United States
Wednesday September 16 Interview by: Philip J. O'Connell		Plenary Speaker Charles MacKay , Australia		
Wednesday September 16 Interview by: Nancy L. Ascher		Plenary Speaker Shohini Ghose , Canada		
Wednesday September 16 Interview by: Marcelo Cantorovich		Plenary Speaker Claudia Kemper United States		Plenary Speaker Ronald Evans United States

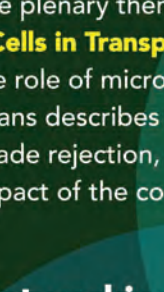

Meet the Councilor Sessions

Don't miss the unique opportunity to interact with these top experts!

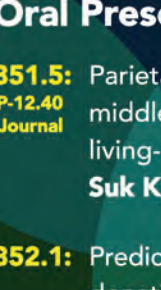

Here are the **Meet the Councilor Sessions** taking place during **PART 3** of our program. **Click here to view the time of these sessions in your time zone.**

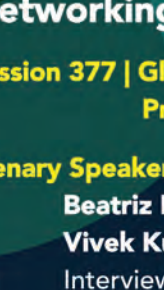

Carlos H. Diaz, Argentina
Councilor - Latin America (2018-2022)

Marti Manyalich Vidal, Spain
Councilor - Europe (2018-2022)

Dorry Segev, United States
Councilor - North America (2018-2022)

Camille N. Kotton, United States
Councilor - North America (2018-2022)

Young Investigators Spotlight

On the third day of the 2020 TTS Virtual Congress we are bringing you more young member picks! These showcase both young members presenting their research at the meeting and topics we think are of interest to early career attendees. Be sure to catch the plenaries and live Q&A sessions today!

Oral Presentations

- 351.5:** Parietal peritoneum as a novel substitute for middle hepatic vein reconstruction during living-donor liver transplantation
Suk Kyun Hong, Korea
- 352.1:** Predicting time to death after withdrawal in controlled donation after circulatory death (DCD) donors: A comparison of 100 DCD lung transplant (LTx) donors versus 59 potential DCD donors that did not progress
Bronwyn Levvey, Australia
- 380.3:** Analyzing a pragmatic composite endpoint for 1-year kidney transplant outcomes: Patient loss, graft loss and eGFR less than 30. Results from NSQIP Transplant beta phase
Dominic Amara, United States
- 384.3:** Successful long-term TMA- and rejection-free survival of a kidney xenograft with triple xenoantigen knockout plus insertion of multiple human genes
David Ma, United States
- 411.1:** Impact of extended living donor criteria on donor safety in living donor liver transplantation
Joo Dong Kim, Korea
- 412.4:** Long-term follow-up of a phase 2 clinical trial to induce tolerance in living donor renal transplant recipients
Joseph Leventhal, United States

What to watch on September 15!

The plenary theme is **New Approaches to Taming T-Cells in Transplantation**. Charles MacKay discusses the role of microbiome in transplantation, Ronald Evans describes the development of human islets that evade rejection, and Claudia Kemper discusses the impact of the complosome.

Networking and Workshop Sessions

Session 377 | Global Strategies for Facilitating Ethical Practices in Organ Transplantation

Plenary Speaker Interview 1
Beatriz Dominguez-Gil, Spain
Vivek Kute, India
Interview by **Nancy L. Ascher**

Session 394 | Novel Strategies in Support to Hepatocyte Transplant

Session 403 | Live Q&A for COVID-19 Symposium - Part 1

State-of-the-Art Presentations

362.2: How can artificial intelligence, robotics and blockchain improve donor maintenance and treatment?
Jordi Colomer, Spain

Session 390 | How to Deal with Hepatocellular Carcinoma
Kim Olthoff, United States
Elizabeth Pomfret, United States
Julie Heimbach, United States
Nancy Kwan Man, Hong Kong

Covid-19 Symposium Live Q&A Sessions

An opportunity to interact live with a great panel of experts who took part in the **Covid-19 Special Symposium**. The sessions are divided into two parts. Click on the links for more details.

PART ONE

PART TWO

Post-Congress Workshop - Transplant Infectious Diseases

Wednesday, September 16, 2020 | Check the Program Tab to see the schedule in your time zone.

The Basics 1 - Expert Approaches

The Basics 2 - Pre-Transplant Problems

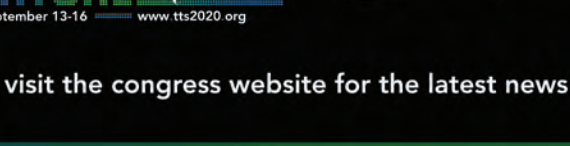

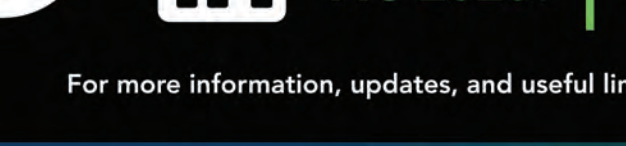

Some Specifics 1 - Testing, Testing

Some Specifics 2 - Less Common, but not Less Important
